ABOUT

The library at BLDE (Deemed to be University) is the window to the world of the latest information in medical and Allied Health sciences. Being an integral part of academic and research work on campus, Library provides information services to support the teaching, learning, research, and outreach activities of the Institute by creating state-of-the-art facilities and offering innovative services. Keeping users at the center of its activities, Library has been actively engaged in designing and delivering need-based information services.

The library has a fast-growing collection of books, journals, and magazines both in print and digital format covering most disciplines taught and researched at the Institute. Within a short span of its existence, the library has developed collections in every possible area of interest to the campus community and those directly and indirectly associated with the Institute. To support the research activities, the library subscribes to core collection e-journals, databases, e-books, and others. The library has created an excellent infrastructure facility with all the required software tools and technologies. Library services have been fully automated and are accessible on and off campus.

Currently, the library operates from two locations i.e., Main Library in the academic area and E-Library in the hospital area.

ONE BEST BOOK IS EQUAL TO 100 BEST FRIENDS.
ONE GOOD FRIEND IS EQUAL TO A LIBRARY.
-DR. APJ ABDUL KALAM

ENGAGED IN EVENTS

WORKSHOP ON "JOURNAL INDEXING AND IMPACT FACTORS WITH WEB OF SCIENCE:

On January 31, 2023, the Central Library and IQAC jointly organized a workshop titled "Journal Indexing and Impact Factors with Web of Science." The workshop featured Dr. Subhasree Nag, Regional Solutions Consultant (Life Sciences and Scholarly Research)—South and South East Asia, Clarivate Analytics, as the esteemed resource person.

During the workshop, Dr. Subhasree Nag provided insights into the Web of Science Journal Evaluation Process and Selection Criteria, along with an in-depth explanation of the Web of Science Journal Citation Reports (JCR) and essential aspects of publication ethics. The session was highly interactive, allowing participants to engage in a question-and-answer session with both the resource person and other attendees.

The esteemed guests present at the workshop included The Hon'ble Pro-Chancellor, the Hon'ble Vice- Chancellor, the Hon'blePro Vice-Chancellor, The Registrar, and The Principal, all of whom were acknowledged during the event. As the workshop concluded, Dr. Chandrika Doddihalextended a vote of thanks to express gratitude to everyone involved in making the event a success.

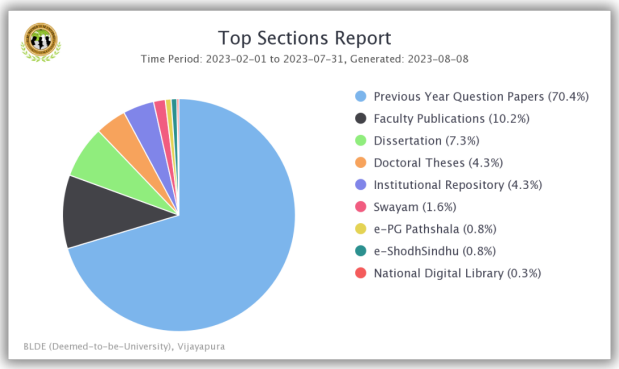
LIBRARY ORIENTATION FOR U.G. AND P.G. 2022 BATCH

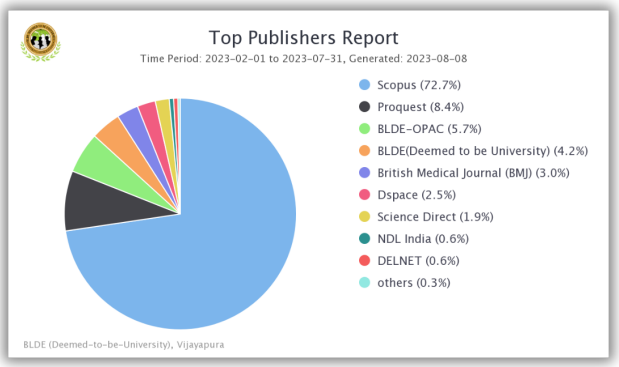
The Central Library has organized an orientation for Ist Year UG and P.G. Students on 25.02.2023 at the Central Library. The Orientation highlights key databases, medical journals, and reference materials specific to their field, emphasizing efficient literature search strategies. Students learn about electronic resources, such as online databases, e-books, and medical research portals. Librarians provide guidance on citation styles, plagiarism awareness, and interlibrary loan services. Furthermore, they emphasized the importance of information literacy skills, critical evaluation of sources, and utilizing the library as a hub for academic support and research throughout their medical education.

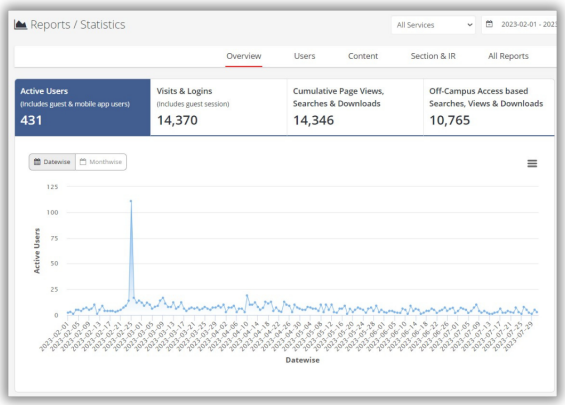
UNVEILING EXCELLENCE: THE RESEARCH WALL AT BLDE(DU)

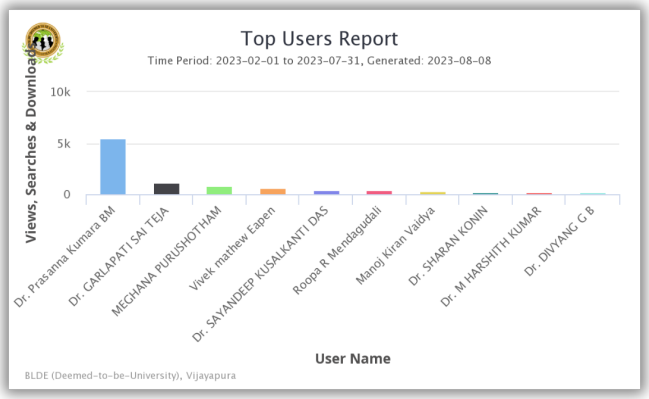
The Research Wall was inaugurated on August 4, 2023, by Prof. Shivaprasad S. Goudar, Professor & Research Director of KLE University.. Prof. R S Mudhol, Vice-Chancellor, BLDE(DU), spoke about the importance of research in the 21st century and brief the importance of University Research Wall in promoting research at BLDE (DU). He also encouraged students, faculty, and staff to contribute to the wall by submitting their research data.

E-RESOURCE USAGE (K-NIMBUS)

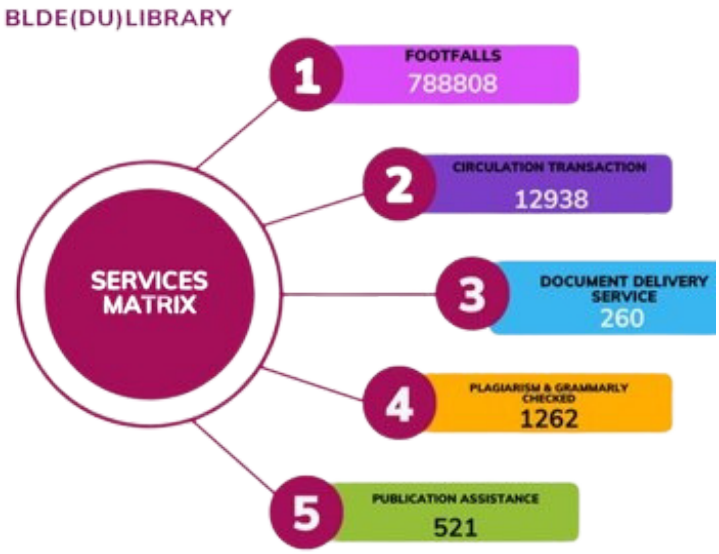








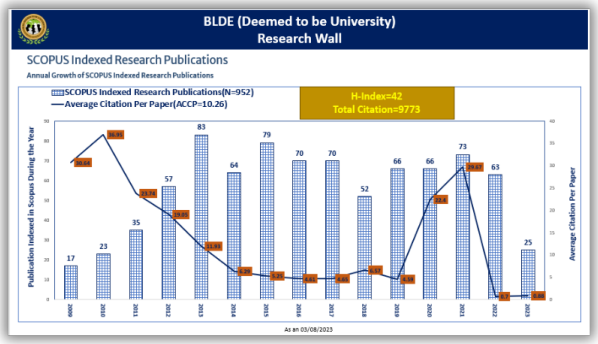
LIBRARY SERVICE USAGE



RESEARCH WALL

“The Research Wall” is a new initiative by the central library to showcase the research excellence of BLDE Deemed to be University. The wall displays various research data, including publications, projects, patents, prolific authors, top-cited documents, best research award winners, and upcoming research events. The wall is in the library lobby and open to the university community.

The Research Wall was inaugurated on August 4, 2023, by Prof. Shivaprasad S. Goudar. Professor & Research Director of KLE University. Prof. RS Mudhol, Vice-Chancellor, BLDE(DU), spoke about the importance of research in the 21st century and how the University Research Wall will help to promote research at BLDE (DU). He also encouraged students, faculty, and staff to contribute to the wall by submitting their research data



GUEST VISITS

FRANCE DELEGATES VISITED TO LIBRARY

In a delightful educational exchange, a group of students from France visitedour library, fosteringcultural exchange and knowledge sharing. The visit took place on 4th July 2023, and the students were warmly welcomed by our staff and patrons. During their visit, the students immersedthemselves in the diverse collection of books, digital resources, and academic materials our library has to offer.

The visit proved to be a valuable opportunity for both the French students and the local community to learn abouteach other's cultures and educational systems. As a result, new friendships were formed, and the experience left a positive impact on everyone involved. The library's role as a hub for fostering international connections and promoting intellectual growth was reaffirmed through this enriching event.

KSAWU STUDENTS VISITED TO LIBRARY

A group of MLISc students along with their faculty from Akkamahadevi Women's University, Vijayapura, recently had an enriching experience visiting our BLDE (DU) Central Library on 14th July 2023 . The visit was organized by their academicinstitution with the purpose of providing the students with practical insights into the operations of a renowned library facility. During their visit, the students had the privilege of exploring our extensive collection of books, journals, and digital resources. They also had the opportunity to engage with our experienced librarians, who shared valuable knowledge about library management, cataloging, and information retrieval systems. The visit proved to be highly beneficial, as it enhanced the students' understanding of modern library practicesand enriched their knowledge in the fieldof library and information science.
